Vintage Polk Audio Model 5 Speakers

You are about to bid on this used set of Polk Audio Speakers. These are model 5. I picked them up at an estate sale where they were hanging from the walls. The guy put a couple of eye hooks in each of the speakers as you can see in the photos. There is some other slight

damage as you can also see in the photos. These speakers stand 21.5" tall and are 10.5" wide. I don't have a stereo system to test them out on but the speakers themselves look to be in good shape with no cracks or rips. The rubber is not dry-rotted. Asside from the cosmetic falts of the boxes, the speakers seem to be in great shape. You are buying these as is without warranty.
