## Polk Audio Home Stereo Speakers

Here we have a pair of Polk Audio Floor Speakers. They are in good physical condition with the exception of the water ring on the top of one cabinet (see photos). Also included is the stereo dimensional array cable that connects the two speakers together. One of these speakers works great, but the other does not. I'm not sure exactly what is wrong with it,

but I suspect it is in the built in crossover. Also, one of the wire connects on the back is broke (these can be purchased at Radio Shack). Please email me with any questions!

I will not ship these but they can be picked up in Coweta, OK. Also, I can deliver them to the surrounding Tulsa area, Joplin MO, and Fayetteville AR. I accept money orders and paypal payments as long as your paypal source funds are **not** credit card. I will **not** accept personal checks. Auction winner must respond within three days of closing or auction will be considered void. Please don't bid if you are not serious!
