You are bidding on a rare pair of POLK AUDIO MONITOR 12 Floor Standing Speakers. These are some of the best sounding stereo speakers I have ever used -- from the deep bass from its huge woofer to the beautiful mids afforded by the

4 Polk Audio midranges per speaker. I purchased these speakers new in 1991 for \$499.99 per speaker.

These speakers have been in storage with a sheet of plastic over them for the last few years because my wife felt they were too big for the family room. Now, we are moving overseas and need to be selective with what we bring --- so, my move could be for your gain. The speakers are in good shape with only minor chips in the edges of the veneer and there is one snag in the grill cover --- all have come from normal wear and tear and are barely noticeable.

Here are some specifics on the speakers:

Driver Complement
Subwoofer 1 - 12" Diameter (30.48cm)
sub bass radiator
Midrange 4 - 6-1/2" Diameter (16.51cm)
drivers
Tweeter 1 - 1" Diameter (2.54cm)
Polk SL2500 dome tweeter

Due to the weight of these speakers (I estimate > 70 lbs if packed properly), shipping costs would be prohibitive (>\$75 per) so this auction will be for local pickup only. I live in a northern suburb of Chicago and would be willing to drive 1 hour (one-way) to meet the winning bidder once speakers have been paid for.

Winning bidder should contact me within 24 hours of auction close. Speakers should be paid for within 72 hours or negative feedback will be left.

Good Luck!! You will love these speakers!
