These suckers are excellent quality, in very good cosmetic shape and sound sweet. I have had in my spare bedroom for a few years but am moving to Alaska and have no room where i am going to store or use. They are in great cosmetic shape and the cones are made of heavy-duty thick rubber for added suspension. You can see below exactly what you are bidding on as the photos my unique ones i just took. I think one of the tweeter connections is lose because it does not seem to make sound....but the rest of speaker works well. i will have to open up and see if it is a lose connection from being moved.

Pick-up is available in Western Wa. but i am moving on firday morning, so i need instant pick-up.
