### Description

*Item Specifics - Home Speakers*

Speaker Type: **Bookshelf**  
 Brand: **Polk**  
 Cabinet Color: **Wood - Light**

Wireless: --  
 Condition: **Used**

Pair of Polk SDA-CRS compact reference system loudspeakers are in very good condition and all drivers and tweeters are original and in excellent condition. Each cabinet contains 2 6 1/2" mid/woofer drivers and 2 soft dome tweeters. The rear of the cabinets have a 10" Passive radiator which uses the low frequency energy in the cabinet to extend bass response. The Stereo Dimensional Array(SDA) consists of an interconnect cable between the speakers and special crossovers to give the open, three dimensional soundstage of a live performance. The power handling of each is 350 watts. There is one cabinet which has some minor repair to the wood as some moisture from a plant vase damaged a few spots on the surface

and I used wood filler to repair(See Picture). I refinished both cabinets in the original oak color.I am the original owner and these come with the stands pictured and interconnect cable and original instruction manual.LOCAL PICKUP ONLY, I AM 35 MILES SOUTHEAST OF CHICAGO. THANKS.
