Brand: **Polk**Condition: **Used**Cabinet Color: **Wood - Light**

I purchased these vintage speakers new in 1988 for \$1100. I've enjoyed them tremendously over the years, they're the best speakers I've ever owned. Still sound great today, they're just a little big for the house we just moved into.

They're in good shape, with just a couple of spot stains in the wood under the front panel covers. Not sure how they got there, but I haven't been able to get them off. You can see it in the pictures, but you can only see them when the panels are off. Aside from that they look great.

#### Seller's payment instructions

I'm not sure about shipping, I don't have the original boxes anymore, and I'm pretty sure they're too large for UPS. If you need to get them shipped to you let me know and I'll call around and figure out how to get them to you.
