## POLK AUDIO Monitor 4 BookShelf Speakers

This auction is for a nice set of Polk Audio Monitor 4 Bookshelf Speakers. They have the more desirable larger, better sounding, soft dome tweeter. The speakers are used but remain to sound excellent. They are also in excellent physical condition with hardly a blimish on the cabinets. The grills are nice and dark and snag free as well. The cabinets measure 14.25" tall, 8.5" wide, and are 6.75" deep. The cabinets each hold a 6" driver and the larger 1" soft dome tweeter. The speakers also feature the fuse protector for the tweeters. The speakers were tested briefly with a McIntosh Ma-6200 and appear to work and sound great! If for not having a set of 5jr's they would stay. But here they are for you to enjoy.

Speakers will be packed well!!!!
