Description

*Item Specifics - Home Speakers*Speaker Type: **Bookshelf**

Wireless: --

Brand: **Polk**Condition: **Used**Cabinet Color: **Wood - Dark**

You are bidding on a pair of great quality speakers from Polk Audio. The M5s are sought after for their perfect crisp sound. These would be good for stereo, surround sound, anything really. These speakers were expensive. They originally retailed for \$450. They are in a very good condition and you will be well pleased with the great and powerful sound. Main features:

1. achieve an open, boxless, three dimensional sound
2. produce a flat frequency response that would be pleasing even during extended listening
3. reproduce transients that translate into crisp, lifelike clarity
4. deliver exceptionally deep, tight bass that could be felt as well as heard
5. attain a wide dispersion of high and mid frequencies for non-critical placement within the listening room
6. maintain high efficiency
7. be able to handle significant amounts of power
8. utilize the highest quality components for a long life of reliability

Monitor 5 is wellknown for the bass that gets deeper and fuller being more capable of filling larger rooms with bass energy that you can feel as well as hear.

The cabinets and grills are in great shape. The corners are in great shape. Cosmetically I would give them 10 out of 10 considering the age. The drives are in perfect working condition. Don't miss out.

Please pay attention to the weight and shipping cost of this unit so you know what to expect for a total. If you have any questions please ask before bid. I always do a good packing to make sure you get the things in great shape. Please check my feedback.

Driver Complement
