I recently bought the inventory of a stereo store that went out of business years ago and everything has been in storage since. This is a terrific pair of speakers that will really please you. Their slim design makes them easy to place in any room without objections from the "chief decorator" measuring only 9" wide x 11 deep and 34 "tall. They make great front surround speakers and look good with the black finish big screens. The speakers are what you actually hear so before you spend a lot of money on new components upgrade your system with these legendary Polk Audio dual woofer speakers. The speakers have a black real wood veneer finish with ding in one corner as shown in the pictures and are in great shape otherwise. The white circles in some of the pictures is something in the camera only -there are no white or faded round circles anywhere on the speakers. Don't be outbid at the last minute by \$1.00 or miss the auction closing time because you forgot! Use the "Buy It Now " option and own it today for a fair price! I prefer Paypal but accept bidpay, Western Union and a Money Order. Buyer pays actual shipping and \$7.50 per speaker for the box and packing materials. Also I travel a lot in my job and I do not always have e-mail available, so from time to time I may take a few days to respond to your questions or to ship your item. I tend to over-pack so I will guarantee that my packing will meet the requirements of the carrier so that insurance will cover the damage should there be a claim.
